Childhood Obesity Walk-Off – September 24, 2011

Re: Encourage Students to Attend WALK-OFF

Dear Community Leader:

I would like to cordially invite all Clayton County children, elected officials, civic organizations, local fire and police officials to join us for the 1st Annual Let's Move Walk-Off, an interactive and fun community event to support First Lady Obama's campaign against childhood obesity.

The WALK-OFF will take place on Saturday, September 24th at the Riverdale Town Center with hundreds of students, led by national fitness expert and Majic 107.5/97.5 radio personality Andrea Riggs. This **FREE** community event will include a scenic campus walk, **FREE** healthy snacks, interactive fitness activities, family wellness screenings and workshops.

Please mark your calendar and encourage our youth to take part in a fun fitness experience, by distributing and posting the WALK-OFF flyers at your school. The elementary school with the largest number of walkers will receive a post-event wellness rally with special student prizes and give-a-ways.

If you have any questions, please feel free to give me a call or contact Andrea Riggs with Get Body Beautiful KIDS at 404-983-1733.

Respectfully Submitted,

Council Member Ruffin
